Logistik und Management Frischprodukte

Master Studiengänge:

Getränketechnologie; Oenologie; Vinifera Euromaster; Vitis Vinum; Weinbau, Önologie und Weinwirtschaft;
Weinwirtschaft; Gartenbauwissenschaft; Landschaftsarchitektur

Information for Students Regarding Examinations during the Corona Pandemic

Registration Procedure:

The usual procedure to register in QIS (<https://qis.hs-geisenheim.de>) is unchanged. Automatic registrations in case of failed attempts (obligatory registration according to ABPO of Hochschule Geisenheim University) from the previous examination date remain.

Registration periods and examination rooms can be found on the website of the Examinations Office by choosing your degree program <https://www.hs-geisenheim.de/studium/studierende/pruefungsangelegenheiten-und-studienorganisation/>

Safety Concept during Examinations:

- All students have been assigned pre-determined lecture halls. Students cannot chose the lecture hall on their own. Your lecturer will inform you of the assigned lecture hall beforehand.
- The designated seats are to be taken, remaining seats must stay empty.
- General distance regulations apply when entering and leaving the examination room.
- Sanitary wipes are provided in front of the examination room. Please use them to clean your seat and table.
- Contact data must be collected, if possible by using e-guest, QR code.
- Hygiene regulations of the RKI must be adhered to (sneeze etiquette, hand hygiene).
- Please observe the distance rules and the obligation to wear a mask. Covering your mouth and nose is mandatory in all "high-traffic areas", during courses and exams at Hochschule Geisenheim University. Please bring your community mask.
- Trips to the toilet should be kept to a minimum, if possible. The safety concept for toilet facilities must be observed (Please see notices posted in the toilets).

Logistik und Management Frischprodukte

Master Studiengänge:

Getränketechnologie; Oenologie; Vinifera Euromaster; Vitis Vinum; Weinbau, Önologie und Weinwirtschaft;
Weinwirtschaft; Gartenbauwissenschaft; Landschaftsarchitektur

Important Information from the Examinations Office:

- Students belonging to a risk group can withdraw from the examination attempt - as in case of illness - with a doctor's certificate. The obligatory registration for the next attempt remains unaffected! The doctor's certificate must be submitted to the Examinations Office within the commonly known period.
- Students living together with people who belong to a risk group and therefore do not wish to sit the exam should contact their degree program administrator in the Examinations Office to clarify the situation. Personal contact is possible by appointment.
